## Overview

Pages are redesigned to reduce clicks and improve productivity. Menus are aggregated so only pertinent information is displayed.

Icons are used to help users easily identify actions/options. Icons are used in place of hyperlinks and provide a consistent user experience.

The primary icons are listed to the right.

## Reports – What is Different?

### Menus and Report Options

Menus are aggregated so only report headers are visible. For easier navigation, additional content is displayed once the user selects a report topic.

Once a report type is selected, report options appear across the top of the page.

Print and Download functions display as icons on the right side of each page.
